

## FAIR GROUND GIVEN NEW

**DRESS UNIFORM OF CREW**  
PHOENIX, Sept. 24.—With splendid new buildings for the housing of livestock, race horses and exhibits, with a beautiful new entrance structure completed, with a fire station, and city water, and with all buildings painted a uniform gray, the Arizona state fair will be dressed up this year as never before.

So declared Governor Campbell upon his return from the grounds, where with other members of the state board of directors, he inspected the new work, just completed by C. Hoover the contractor.

"The work on the new buildings is neat and trim, and well done," declared State Treasurer Ross, another member of the board. "The management is to be congratulated for the successful manner in which it has carried out much needed improvements which should add materially to the success of the coming fair."

Andrew Baumert, secretary and chief member of the board, went so far as to state that in this particular job the state has obtained more for the money expended than on any other state construction, and this despite the high prices of labor and material.

As a result of the inspection the work will be accepted by the board and the claim of the contractor amounting to a little more than \$28,000 allowed, it was stated.

## HUSBAND HIT BABY

**IS CHARGE MADE AS WIFE ASKS DIVORCE**

PHOENIX, Sept. 24.—That she left her husband when he struck their baby, rendering the little girl unconscious for 30 minutes, is the allegation of Mrs. Herbert Stanley Vaughn, in a divorce complaint in the superior court yesterday.

Mrs. Vaughn claims that her husband was angry at the time and that he struck the child with his hand with such force that the ring he was wearing left its imprint on the baby's forehead.

The Vaughns were married in Birmingham, England, in August, 1902, and according to the complaint, Vaughn frequently permitted his wife to go hungry. Another charge made by Mrs. Vaughn is to the effect that her husband refused to allow her to go to her father's home.

## STRUCK BY MOTOR CAR

**S. W. SUTTER IS NOT EXPECTED TO SURVIVE**

PHOENIX, Sept. 24.—S. W. Sutter, 50 years old, whose address could not be learned, was taken to St. Joseph's hospital at 11 o'clock last night suffering from concussion of the brain and a fractured skull. The injuries were received in a collision of the bicycle on which Sutter was riding and a motor car driven by C. S. Simmons of this city, according to officials of the sheriff's office. The accident occurred at the corner of Palm Lane and North Central avenue.

Dr. Vin Wolfe was summoned and the injured man's skull was trepanned. It was stated at the hospital at 1 o'clock this morning that Sutter had not regained consciousness and his condition was described as being very serious, with recovery doubtful.

## OFFICERS ARREST MAN LOOKING FOR DOCTORS' COCAINE

PHOENIX, Sept. 24.—William Waggoner was arrested shortly after midnight by Officers Strathy and Gaskin while in the act of going through the offices of Drs. Borah and Bates in the Goodrich building. Dr. Borah's office had been burglarized the night before and a quantity of morphine taken.

Waggoner is evidently a drug addict. He is in a bad condition physically. When arrested he had a large supply of morphine and cocaine on his person.

## FORMER NOGALES MAN NOW IN CHARGE MILITARY POLICE FRENCH CAPITAL

NOGALES, Sept. 26.—Word has been received from Paris that Maj. M. L. Kaiser, a former resident of Nogales, is now in charge of the military police of the U. S. Army in Paris. Major Kaiser, who was engaged in cattle business in Sonora, entered a training school at the Presidio, San Francisco, shortly after the United States entered the war and graduated as a first lieutenant.

## WEEKLY INDUSTRIAL REVIEW

Holbrook seems to be the heart of the new oil field, and large oil producing companies have such faith in the sands they are going down to 4000 feet.

**KINGMAN**—Large force of men putting C. O. D. mine into shape. Crosscut on 300 level of Rico mine opens 5 foot ore vein.

**JEROME**—C. W. Miller Construction Co. given contract for 1st 2 miles work on Jerome-Prescott cutoff.

**KINGMAN**—300ft. tunnel being driven into Hibernia mine to open ore body.

**PHOENIX**—State land board enters into federal contract for watering Florence and Casa Grande irrigation projects.

**YUCCA**—McCracken mine ships 40 ton car heavy lead ore.

**FLAGSTAFF**—Klatwa Oil Co. will erect reservoirs, buildings, derricks. **PHOENIX**—Salt River Valley proving ideal ground for cotton growing. Outside capital investing in Portland Cement plant.

**YUMA**—Local business men consolidate to enforce establishment of local U. S. Army post.

**PHOENIX**—Report of corporation commission proves Arizona to be in highly prosperous condition.

**HOLBROOK**—Black Canyon Oil Co. has added another shift of drillers. Largest crops for past 10 years claimed for Apache and Navajo counties. Nogales wants more stage lines to Tucson. Douglas smelters report gain in copper output.

**HOLBROOK**—Eastern capital has secured large tract of land near here to erect oil refinery as soon as there is sufficient volume.

Phoenix to have block of new dwellings to cost \$250,000.

The highest world price for silver since 1866 was reached early this week when the white metal sold in London market at 61 1/4 pence per ounce, British standard, 325.7000ths fine. At this price, silver exceeds in value the old ratio of 16-to-1 between silver and gold. The 16-to-1 value of silver would make 52.60-54 pence the par value of an ounce of British silver for coinage.

Winslow oil field getting investment and development from Denver men.

**HOLBROOK**—Rig of Adama Oil well now in dark brown shale.

**GLOBE**—Building permits totalling \$10,345 issued for the past month.

**PHOENIX**—New irrigation project launched for upper Haakayampa comprising 20,000 acres.

**OUTMAN**—United Eastern Mining Co. resumes work with wage scale of \$5.50 for muckers and \$6 for miners.

**BOWIE**—Engineers engaged to survey San Simon Valley irrigation project.

**DUNCAN**—New 50 bbl. flour mill of Interstate Milling Co. in full swing.

**PHOENIX**—Arizona to send 25 delegates to American Cotton Ass'n. at New Orleans September 8th and 9th.

**HACKBERRY**—Senate Silver mine in excellent ore at depth of 80 ft.

**PHOENIX**—President signs proclamation adding 28,440 acres to Crook National Forest.

**HOLBROOK**—Four rigs operating in local oil fields, 2 more to start.

**PATAGONIA**—The taking over of Three R mine by influential men reported.

**GLOBE**—President Smith of Old Dominion Co. reports mineral wealth of district untouched.

## ROAD SUPERVISOR SIGNS HIS NAME 4000 TIMES

PHOENIX, Sept. 26.—Chairman W. K. Bowen, of the Maricopa county board of supervisors congratulates himself that his name is a short one, for he lately finished the task of signing it 4000 times on the sheets of the county's \$4,000,000 road bond issue. The bonds have been delivered in Cincinnati, from which a draft for the gross amount has been received here.

Preparations for building the highways are being pushed, though actual construction may not be started before next January. A sand and gravel supply plant is to be built near Tempe, at the edge of the Salt river channel. Advertisement has been made asking receipt of proposals till October 4 for road material, including 60,000 barrels of Portland Cement.

## PHYSICIAN ARRESTED ON CHARGE OF ABORTION

**DOUGLAS**, Sept. 24.—Dr. A. W. Vanneman, for many years a resident of Douglas and recently appointed medical superintendent of the Cochise county hospital, was placed under arrest last evening by Officer Sam Boucher of the police department, on a warrant charging him with performing an abortion, a criminal offense. The complaint, filed yesterday before Justice of the Peace W. C. Jack, was sworn to by George M. Roark, deputy county attorney. Dr. Vanneman was arraigned shortly after his arrest. His bond was fixed at \$5000 for preliminary hearing, Saturday before Judge Jack. The bond was furnished and the doctor liberated.

The warrant for the physician's arrest was sworn out early in the day, yesterday, but Dr. Vanneman being away from his office the greater part of the day, it was not served until last evening.

The charge against Dr. Vanneman is the outgrowth of the finding of the nude body of a child in a manure pile northwest of this city Monday. The authorities were sure they had the right clue and after the boys who are alleged to have witnessed the depositing of the little body in the manure pile and who later identified the man who is alleged to have deposited the body, the officers continued their investigations and after comparing notes and incidents connected with what facts they had gathered the complaint charging Dr. Vanneman with the crime of abortion was issued.

Friends of Dr. Vanneman, many of whom had learned of the charge against him, expressed regret at his name being mentioned in such connection and many expressions of confidence of his innocence were heard. The case was a leading topic of conversation yesterday on the streets, in business houses and in the homes of the city.

The woman in the case, according to the charge of the complaint is Maude Reamann. Her whereabouts, although known to the officers, was not disclosed last night.

## ASKS \$23,534 DAMAGES FOR LOSS OF HER HAND

**TUCSON**, Sept. 24.—Claiming damages of \$23,534.10 for the loss of one hand in the employ of the Tucson Steam Laundry, Miss Celia Ingraham Douglas, filed suit yesterday through Richey and Richey in the superior court.

Miss Douglas alleged that while working for the company in the laundry her hand was caught in the machinery and was subsequently amputated. The accident occurred December 30, 1915.

**MINING LOCATION NOTICES** for sale at the Prospector office; will be sent to any address on receipt of price; 5c each of 5 for 25c.

## DRUG BEFORE THEM BUT OUT OF REACH, VICTIMS IN COURT

**PHOENIX**, Sept. 24.—Two of the worst specimens of drug addicts in the local courts appeared before Judge Thomas yesterday afternoon and were sentenced to spend the next 15 days behind the bars in the city jail.

Frank Lawrence was called before the bar first. Shaking all over and extremely nervous from having been without his morphine for two days, Lawrence lurched up to Judge Thomas' desk and never took his eyes from the evidence in the case against him, consisting of a needle, a bottle of morphine and other paraphernalia.

There before him was temporary rest and ease from torment. He leaned closer and closer to the things, finally with a weak effort, he reached over and put his finger on a few grains of cocaine which had spilled from a box. Then with a last desperate lurch, he grabbed for the morphine, but three officers reached him at the same time and soon took it away from him.

"I need it, I need it," he kept mumbling, but he was not allowed to satisfy his craving. Never once did his gaze leave the drug. His thoughts and yearning could be plainly read in his face.

Edward Wilson, who was arrested with Lawrence by Officers McGrath and Crowe, was next called up. He was not in as bad condition as Lawrence, but he was plainly suffering. He admitted he had been using drugs for nearly ten years.

Chief Brishob asked them if they did not want to go to the asylum and take the cure, but neither seemed to want to avail themselves of the opportunity.

When caught, Wilson had 15 grains of morphine in his possession. He claimed he had been supplied with it by a local physician, which statement was later proven true.

## THREE YEAR TERM FOR STEER THEFT

**PHOENIX**, Sept. 25.—P. Jones Black, who was convicted of the larceny of a steer by a jury in Judge Stanford's court, was sentenced to serve not less than three nor more than five years.

Judge Stanford imposed sentence after hearing lengthy arguments on a motion for a new trial.

Black is said to have operated through the medium of the press, appearing in person and claiming cattle in answer to advertisements of strays. According to testimony, he claimed a steer at the Dunn ranch as being it was the property of Henry Pemberton of Scottsdale. When he attempted to prove an alibi by claiming to have been out of town he gave the name of a boy as a member of the party. The school showed the lad present at that date.

**WE ARE EQUIPPED TO DO THAT JOB OF PRINTING FOR YOU.**

**DORT**  
Quality Goes Clear Through

On long, hard hills and through stubborn going you will keenly appreciate the power of the Dort motor.

It pulls smoothly, powerfully and quietly and it wrings the last bit of mileage from each drop of gasoline.

**Tombstone Auto Co.**

## FORMER ARMY OFFICER HELD TO HIGH COURT

**DOUGLAS**, Sept. 24.—Former Lieutenant Carl Morris of the First Cavalry was given his preliminary hearing on a charge of issuing "checks on a bank that does not exist," and after several of the checks given by the former dashing cavalry officer had been identified by Lieut. Abrams of the First Cavalry, and Morris made no attempt at a defense, Judge W. C. Jack bound him over to the superior court under a bond of \$1000.

After Lieut. Abrams had identified four checks which Morris gave him in payment of mess dues, the prosecution rested.

Judge Jack asked Morris if he wished to make any statement. Morris asked a question of Lieut. Abrams, as follows: "I would like to know if any effort was made to get in touch with me?"

Lieut. Abrams replied that the matter had been turned over to the intelligence office.

Morris then asked Assistant County Attorney Roark if a person outside of the state could go on his bond. This technically was explained to Morris, and the case ended.

## STAGE FROM BISBEE TO NOGALES PLANNED

**BISBEE**, Sept. 24.—A new stage line to operate between Nogales and Bisbee will be started in a few days by H. R. Holbrook of Tucson, who arrived in Bisbee yesterday and will make his headquarters in this city. Holbrook brought the members of the state corporation commission here from Nogales and they expressed themselves as being in favor of the plan and issued the necessary state certificate for the operation of the line.

Holbrook expects to run a big seven passenger Studebaker car each way every day. He has not yet had time to formulate a definite schedule, but the run will be by way of Tombstone, Fort Huachuca and Patagonia. He formerly operated a stage between Tucson and Nogales.

The party which arrived here yesterday said that the roads were in good shape and that the trip to Nogales by auto was well worth while from a scenic point of view if nothing else.

## LOCATION OF OIL CLAIMS SPREADING ALONG BORDER

**TUCSON**, Sept. 24.—The location of oil claims has extended from the Whetstone mountains, where the San Pedro Oil & Gas company have control of 12,000 acres, to the border. Claims are now located on the west side of the Huachuacs from the San Rafael grant east along the border, and it is reported in the vicinity, that a company is preparing to drill in the vicinity of the head of the Jacquin Creek. There is said to be considerable locating south of the Canilla mountains.

It is reported that the locators are eastern people associated with Nogales and Patagonia people.

The news of the new locations was brought to the city yesterday by Ranger R. A. Rodgers, of the Canilla station in the Huachuacs.

## FEAR OF SCARLET LETTER MAY HAVE CAUSED MURDER

**DOUGLAS**, Sept. 24.—Fear of the scarlet letter, the unseen mark with which society brands its fallen women; the cares and woes with which motherhood outside the pale of the law is forced to bear, the sneers and jeers of the world, may be the motive for the murder of a baby found buried on a farm northwest of the county hospital yesterday.

The infant body was exhumed yesterday by police officials. Examination by physicians led to the announcement that the child was not still-born.

## HOME INSURANCE COMPANY FORMED BY ARIZONA MEN

**PHOENIX**, Sept. 24.—For the express purpose of keeping Arizona dollars at home instead of being sent to other states for investment, a home life insurance company was organized here today under the name of Phoenix National Life Insurance company. The organization was perfected at a meeting of the stockholders held in the north parlor of the Adams hotel.

## STATE ASYLUM INMATE JUMPS TO DEATH FROM TOP OF WATER TOWER

**PHOENIX**, Sept. 24.—Jumping from a 75 foot water tank at the state hospital for the insane, W. W. Overton, a patient on partial parole, was instantly killed in the death leap yesterday morning which was witnessed by many attendants and inmates of the institution.

While guards pleaded with Overton to abandon his threat to leap from the highest point of the tower and attempted to frustrate his plan by following him up the ladder he muttered incoherently and with a wave of the hand fell to the ground, striking on his back.

Overton, who had an alias of Jones, was committed from Pima county four years ago. He was a sign painter by trade and, according to hospital records was 51 years of age.

He was not considered a dangerous person and for some time past had been employed about the hospital on simple tasks. Before breakfast yesterday, he, as usual, delivered the laundry and instead of returning to his quarters crossed to the tank, quoting from the Bible as he made his way up the tower.

## FIRST ARIZONA INFANTRY WILL HOLD REUNION

**PHOENIX**, Sept. 24.—At a meeting of the committee having the matter in charge of elaborate plans were laid yesterday afternoon of all former members of the first Arizona and the 14th infantry, on Thursday of the fair week, November 28.

This committee has taken advantage of American Legion day of the fair to get together as many as possible of the boys who served in this unit. Letters are being sent out to every town in the state, urging attendance for the purpose of putting across a permanent organization.

A letter has been written Theia Barn, godmother of the regiment, asking her to be present at the reunion. Plans include a reception at the rooms of the Frank Luke, Jr., post of this city and a banquet.

## NOTICE FOR PUBLICATION

Department of the Interior  
U. S. Land Office at Phoenix, Arizona, September 17, 1919.

Notice is hereby given that George W. Fenter, of Turner, Arizona, who on September 11, 1916, made Homestead Entry No. 026987 for SW 1/4, Section 34, Township 20-S, Range 29-E, G. & S. R. B. & Meridian, has filed notice of intention to make three year proof to establish claim to the land above described, before W. A. Fowler, U. S. Commissioner, at Tombstone, Arizona, on the 25th day of October, 1919.

Claimant names as witnesses:  
Reinhold F. Haug, Bert J. Hand, Al Turner, Walter Douglas, all of Turner, Arizona.

J. L. IRVIN, Register.  
First publication Sept. 21, 1919.

J. L. IRVIN, Register.  
First pub. August 31, 1919.

## Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Haile's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Haile's Catarrh Cure. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.
